**BRIEFS / DISTRACTION - Split 7 Radio Blast 3,80**
Ok, to be honest and to keep it short - this split will be one of the best split singles ever released. Both bands come up with an unreleased killer tune („My way" by THE DISTRACTION (not Sinatras one) - „ain't it the truth" by THE BRIEFS). The songs are awesome and show both bands from their very best side. The cover is a full-colour folder that will be sold in a special plastic bag with Chinese or Japanese letters - who knows.

**DISTRACTION - Calling all radios LP Radio Blast 10,00**

## Screaming Apple Records

**BRIEFS - Gary glitters eyes 7 3,50**
Limited coloured Vinyl...100 copies only! To support their first european tour, the incdredible BRIEFS from Seattle will release 2 brandnew tracks on your fave label. What can we say about the BRIEFS which hasn´t been said before. These guys are just sensational. Mixing ´ 77 punk-rock and new wave like no other current band, they´re on the way to become HUGE!!! Just signed to a major label for the release of their new album, they still stick to what the are famous for. Being the most authentic bunch of 70´s punk-rockers around, both in music and style, they deliver here two impressive examples for their very own BRIEFS sound. The two songs are „Gary Glitters Eyes" which is some kind of a play on the ADVERTS classic, but obviousely an entirely different song and „Dead in the suburbs" which is a coverversion of an obscure song by a band called LOS REACTORS. Go to see the band live when you get the chance in november. Entertainment guaranteed!

**INDIKATION - Yes I do 7 3,50**
It all started back in early 2000. Four lads got together to play authentic beatmusic. They thought that there were to few bands of that kind around, but they wanted to be different from all the hundreds of garagebands that pops up almost every day. All the guys in the band are very dedicated to sixties music and their main influences are some scandianvian beat acts,like the HEP STARS, OLA & THE JANGLERS and the PUSSYCATS. These recordings could´ve been easily made in England during the summer of 1967. It´s a perfect mix of freakbeat, soul and r´n´b and it´ll surely keep your hips shaking for hours and hours....

**MALLRATS - Fall in love all over ..LP/CD 9,50/13,00**
No idea how Ritchie of Screaming Apple always finds these great bands! This time he got ahold of talented & young Powerpoptrio from Sacramento, home of THE DECIBELS! Armed with Rickenbacker guitars and Vox amps, theMALLRATS play infectious power-pop influenced by the JAM, the BUZZCOCKS, ElvisCostello, INSOMNIACS, Mr.T.EXPERIENCE and of course, ...the DECIBELS. Bart Thurber (ODD NUMBERS, WORKIN´STIFFS, HI-FIVE$) produced this killer 13 track album (12 on Vinyl)..and believe me..there's no dull track on this!

**MEDIA WHORES - Master of the pop hits CD 13,00**
Out 15th of december!! The Media Whores are a powerpop band that likes to rock. Comprising the pop elements of The Who, Elvis Costello, and The Clash, together with the rock elements of The Beat and The Plimsouls, this group aspires to the lofty Cheap Trick brand of high energy Pop... and damn the torpedoes! No wimpy shoe-gazer stuff here... this band ROCKS! The Media Whores started in 1998, and hail from Columbus, Ohio, in the USA. They've released tons of records, each filled to the brim with loud rockin' guitars and ultra-melodic tunes. They've also played hundreds of high-energy shows all over America. The band has been praised by such diverse magazines as Rock'n'roll Outbreak („This is the best kind of power pop: the songs are perfect, and the guitars and drums flat out ROCK!") and MAXIMUMROCKNROLL („Really cool sing-a-long parts and great melodic guitar riffs"). In a review of The Media Whores' debut CD, Amplifier Magazine gushed „Every track on this album sounds like a gem from radio's glory days!" So if you like powerpop (with the emphasis on POWER), check out the rockin' tunes of „Master Of Pop Hits"!

**YUM YUMS - Blame it on .. LP/CD 9,50/13,00**
Jeesus!!! This will be in my personal Top 10 forever!!! They get better all the time..and there is NOBODY else in the world, that can write such songs...and even sing them so good, as MORTEN HENRIKSEN! He´s my star!! On this, their newest Album they give us 14 Nuggets of brillant Power Pop...tracks like „come on come on", „here comes summer" or „your biggest fan"...(to name but a few) will stick in your head within the first seconds!! I don´t know, maybe I´m such a big fan, but if you buy just one album this year..BUY this!!

## Magazines - Books

**DIE STONES SIND WIR SELBER - Buch 14,90**

von Zepp Oberpichler & Tom Tonk

Diese beiden Herren kennen die meisten von euch nur als Schreiber diverser Magazine, darunter auch das gnadenlos brilliante HULLABALLOO von Tom...oder als Musiker, wie bei Zepps JIMMY KEITH & HIS SHOCKY HORRORS!! Doch nun haben es die beiden vollbracht, ein brilliantes Buch zu schreiben, einen Roman, der nur so von Rock'n tropft!

Zum Inhalt: Das Ruhrgebiet in den 60er Jahren. Das junge Ruhrgebiet liegt den BEATLES zu Füssen, die ROLLING STONES singen über Satisfaction und Theodor Bombeck muss auf dem Klavier den H-Moll Akkord von Johann Sebastian Bach suchen. Dann trifft er Willi. Willi raucht, Willi trinkt, Willi hat die längsten Haare und Willi weiss alles überv die Stones. Die kennt Theo nur aus Zeitungsartikeln, die sein Vater ihm nur allzu gerne vorliest: Sollen Krawallburschen sein. Sind Seuchenherde. Haben Sex und keine Ehe.

Theo und Willi tun sich zusammen, gründen mit „Schweiger" Schulze eine Band - Beat! Party! Mädchen! Irrenhaus! Die Stones werden sie selber, und zwar die besten - zumindest im Ruhrgebiet.

Toll geschrieben, ein Roman über den ganz normalen Wahnsinn der 60er Jahre. Ein großspuriges Stück Lebenslust mit rotzfrechem Humor. Rock'n Roll eben.
